

FaithWorks - 2011

FaithWorks donations for the year were \$16,447 which was off 5% when compared to 2010. 2011 was, however, a year when the parish participated with outstanding success, in the diocesan **Our Faith - Our Hope** campaign, thus the FaithWorks results were especially gratifying and appreciated.

There was a slight increase in the number of donors, to 94. This is a participation rate of about 50% of parish families which is very high when compared to other parishes. St. Martin's continues its leadership in helping those less fortunate than ourselves

On behalf of all the FaithWorks Partners and Community Ministries I extend a most heartfelt 'Thank You' to everyone who has supported the program. FaithWorks is working and we should all be proud of its success.

Respectfully submitted,
Peter Davidson, FaithWorks Co-ordinator
